**ORDER:**

The Transport, Roads and Buildings Department have stated that it has been brought out that a large number of civil works are being taken up in Roads and Buildings Department. It is necessary to strengthen the Quality Control administration and increase the accountability for effective control and monitoring of the various works being taken up in the Department. It has also been brought out that the Vigilance Commissioner has also suggested for creation of additional staff as per the requirement. The Engineer-in-Chief (R&B) has therefore proposed for creation of at least 3 posts of Superintending Engineers, one in each region viz., (1) in the cadre of Deputy Chief Engineer (QC) at Hyderabad; (2) Kadapa; and (3) Vijayawada for effective control in each region and close supervision.

2. The TR&B Department have also stated that, consequent on redistribution of the subject for rationalizing and effective coordination among the Chief Engineers, one subject HUDCO and 12<sup>th</sup> Finance Commission works are bifurcated from the "Roads" subject and therefore, there is imminent necessity to create Deputy Chief Engineer in the cadre of Superintending Engineer to look after day to day technical administrative matter and to assist the Chief Engineer/Engineer-in-Chief.

(P.T.O.)

3. In addition to the above, the A.P. Road Development Corporation is mainly involved in Public Private Partnership Projects and World Bank loan assistance projects and the General Manager in the cadre of Superintending Engineer has to look after on coordinating between client, concessionaire and independent engineer during procurement, implementation operation and maintenance stages for more than 12 projects consisting more than Rs.4,000/- crores of newly emerging core net work projects in the Corporation.

4. Transport, Roads and Buildings Department have therefore recommended for creation of 5 number of Superintending Engineers in Roads and Buildings Department duly suppressing equivalent number of tracer posts.

5. Considering the importance of all the above Government have decided to create 5 posts of Superintending Engineers in the scale of Rs.18025-550-19675-625-22800-700-27000-750-30000-765-30765.

6. Government after careful examination of the proposal hereby order for creation of 5 posts of Superintending Engineers temporarily in the scale of Rs.18025-550-19675-625-22800-700-27000-750-30000-765-30765, duly suppressing equivalent number of Tracer posts.

7. The Transport, Roads and Buildings Department shall take necessary further action in the matter.

8. Copy of this order is available on Internet and can be accessed at address "<http://www.ap.gov.in/goir>".

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)

Dr. N. RAMESH KUMAR  
PRINCIPAL SECRETARY TO GOVERNMENT (R&E)
